| Product Name             | ZN407 rabbit pAb                                                                                                                                                                                                                                                          |
| Host species             | Rabbit                                                                                                                                                                                                                                                                    |
| Applications             | WB                                                                                                                                                                                                                                                                        |
| Species Cross-Reactivity | Human;Rat;Mouse;                                                                                                                                                                                                                                                          |
| Recommended dilutions    | WB 1: 500-2000                                                                                                                                                                                                                                                            |
| Immunogen                | Synthesized peptide derived from human ZN407 AA range: 1144-1194                                                                                                                                                                                                          |
| Specificity              | This antibody detects endogenous levels of ZN407 at Human                                                                                                                                                                                                                 |
| Formulation              | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                                                   |
| Storage                  | Store at -20°C. Avoid repeated freeze-thaw cycles.                                                                                                                                                                                                                        |
| Protein Name             | ZN407                                                                                                                                                                                                                                                                     |
| Gene Name                | ZNF407 KIAA1703                                                                                                                                                                                                                                                           |
| Cellular localization    | Nucleus .                                                                                                                                                                                                                                                                 |
| Purification             | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                                                     |
| Clonality                | Polyclonal                                                                                                                                                                                                                                                                |
| Concentration            | 1 mg/ml                                                                                                                                                                                                                                                                   |
| Observed band            |                                                                                                                                                                                                                                                                           |
| Human Gene ID            | 55628                                                                                                                                                                                                                                                                     |
| Human Swiss-Prot Number  | Q9C0G0                                                                                                                                                                                                                                                                    |
| Alternative Names        |                                                                                                                                                                                                                                                                           |
| Background               | This gene encodes a zinc finger protein whose exact function is not known. It may be involved in transcriptional regulation. Several alternatively spliced transcript variants encoding different isoforms have been found for this gene. [provided by RefSeq, Sep 2009], |

**ELK Biotechnology**

Western blot analysis of lysates from MCF-7 cells, primary antibody was diluted at 1:1000, 4° over night
